

HOCK ANN

Founded in 1996 as Hock Ann Metal Scaffolding Enterprise, we are the scaffolding provider of choice for clients looking to extract maximum safety for their scaffolding needs. As an established scaffolding company in Singapore, we have built on a heritage of delivering excellence, industry knowledge and safety awareness through the expertise of our people.

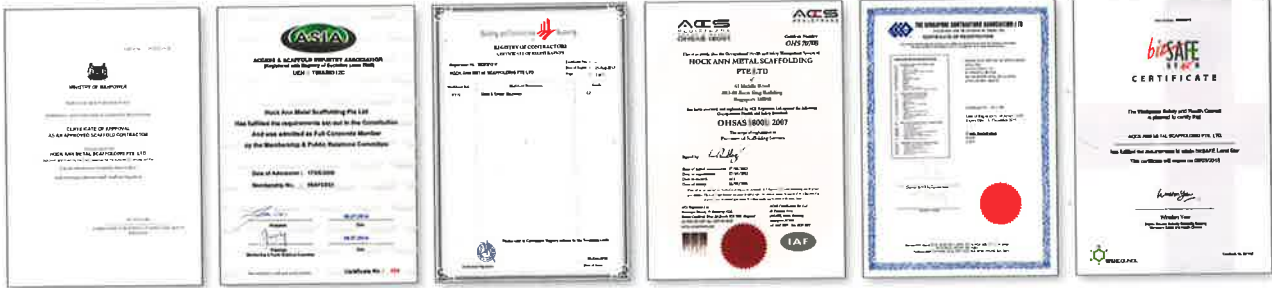

**WHO
WE
ARE**

WHAT WE DO

Hock Ann Metal Scaffolding Pte Ltd is positioned to support today's safety focused construction industry seeking total scaffolding solutions. Through our expertise in the scaffolding business, we deliver the safest systems which are aligned with our client's construction activities needs.

HOW WE DO IT

Our people are dedicated to ensure that every client is well served. Our highly skilled scaffolding erectors are appreciated and recognized by many as responsive and hardworking. We also directly employ all our labour force to maintain a **premier standard of workmanship**.

OUR SERVICES

We support some of Singapore's most prominent construction companies and our services are as follows:

- Free Consultation and Site Survey Upon Request
- Design, Erect and Dismantle of Internal and External Access Scaffold
- Design, Erect and Dismantle of Scaffold for Shoring or Propping for Slabs and Beams
- Provide AutoCAD or 3D Scaffolding Design, Drawing, Calculation and Other Related Services
- Sales and Rental of Scaffolding Materials for Tubular and Modular Systems
- Scaffold Job Hazard Analysis / Scaffold Safety Management Systems
- Supply Qualified Scaffold Supervisors and Erectors

OUR STRENGTH

FOCUS ON SAFETY

Safety is everything that we do. We have obtained **OHSAS 18001:2007** for Provision of Building Construction Service. We have obtained **BizSAFE Level Star** in our continuously effort to improve our safety standards. We seek to achieve even higher standards in the future.

FOCUS ON CLIENTS

Every client and projects are unique in nature. We listen to our clients to provide the safest and cost effective solutions to their individual needs. We believe in nurturing a sincere and trustworthy relationship with our clients and treating them as valuable partners towards achieving success for all.

FOCUS ON PRODUCTIVITY

We continuously seek and invest in new products which meet and exceed the standard of the scaffolding industry.
